## Oceanids—Sounding Board

Miriam Kastner, Distinguished Professor, Earth Sciences, Scripps Institution of Oceanography, UC San Diego

Thursday, March 5th

**“Are Methane Hydrates a Source of Atmospheric Methane, and Do They Have a Potential for CO2 Sequestration?”**

Professor Kastner is a distinguished professor at Scripps Institution of Oceanography at UC San Diego. She received a master's degree in geology and a minor in chemistry at Hebrew University in Jerusalem in 1964 and a Ph.D. in geosciences from Harvard University in 1970. Kastner came to Scripps in 1972, becoming the second female professor at the institution. Her research touches on many aspects of geochemistry from the effects of fluids at subduction zones on ocean chemistry to the abundance and distribution of methane hydrates, stores of frozen methane that exist in conditions of low temperature and high pressure below the seafloor. **Methane hydrates have attracted widespread interest both as potential contributors to global warming and as a potential energy source.** Miriam is also a valuable member of Oceanids Cinema Soireé interest group.

Sounding Board is a series of seven lectures during the academic year, the first Thursday at 12 noon, sponsored by UC San Diego Oceanids and the UC San Diego Faculty Club. Oceanids, faculty and friends meet at the UCSD Faculty Club in a specially designated room to eat lunch and listen to fascinating speakers. Lunch is \$14.00 for guests and \$10.00 for Faculty Club members (purchase required). Coffee and iced tea are provided in the meeting room. A parking permit can be obtained at the front desk. You can be sure of a lively discussion! You do not need to RSVP. Contact Judy Vacquier, [jvacq@sbcglobal.net](mailto:jvacq@sbcglobal.net), for more information.

## Faculty Club of Utrecht University in the Netherlands Joins ACUC

One of the often overlooked benefits of your Ida and Cecil Green Faculty Club membership is the reciprocity we share with members of the Association of College and University Clubs (ACUC).

ACUC has a storied history of clubs from around the world who join together under a reciprocal agreement, to welcome our club members into the finest faculty and university clubs. Each club has a unique set of guidelines with regards to club use and access to member events and programs. We invite you to check with the visiting club before making dining/overnight arrangements as well as contact your home club to make an introduction on your behalf prior to visitation. Use this directory to explore clubs in our reciprocal network and make reservations to connect with colleagues worldwide.

To learn more about the Faculty Club of Utrecht University and a complete list of ACUC clubs visit [www.acuclubs.org](http://www.acuclubs.org).
